**Microcement Ceramics**  
Microcemento Cerámico

*The polished look of microcement grants to the Microcement Wall collection a minimalist and modern character. This is a perfect complement to the whole Contemporary Mixtures Surfaces set by the high functionality that gives the 30x90 cm format and the four colors choice. The heterogeneities of the natural surface, the aqueous effects and the salts have remained to propose a series of three simple and elegant reliefs. First, Calm conveys harmony and is soft to touch, while Prints highlights the beauty of imperfection and Peak creates a unique optical game.*
